

WCCTV MINI DOME SOLAR TRAILER + LPR

- Fully autonomous surveillance system
- Full 1080p HD video
- LPR vehicle license plate scanning
- Includes car detector LPR software for local server hosting
- Day/night operation in any weather
- Integrated 4G LTE connectivity
- Audio and siren alarms

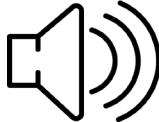

- 20ft tower
- Rotates nearly 360°
- 24/7/365 Year-round autonomy
- Silent operation
- No need for any supporting infrastructure
- Installed and operational in minutes

- Fix-Power-Walk Away
- Easy to move and relocate
- Full remote configuration
- Compact and easy to transport
- Towable by most vehicles
- No geographical restrictions

KEY PRODUCT BENEFITS

 <p>Complete Managed Service</p>	 <p>Invisible Perimeter</p>	 <p>HD PTZ with Smart IR</p>	 <p>24/7/365 Autonomy</p>	 <p>GPS Location Information</p>
 <p>Licence Plate Recognition</p>	 <p>Remote Access to Footage</p>	 <p>Live Audio Challenges</p>	 <p>Proactive Site Protection</p>	 <p>Ongoing Health Check</p>

WCCTV MINI DOME SOLAR TRAILER + LPR

WCCTV's Mini Dome Solar Trailer + LPR combines autonomously-powered rapid deployment mobile video surveillance with automatic license plate recognition technology.

It takes just minutes to install the WCCTV Mini Dome Solar Trailer at your locations, giving you eyes on the ground, and it can easily be moved as your surveillance applications change.

It is an ideal surveillance system for locations without any fixed infrastructure for power or video transmission. It can assist with parking lot security, traffic management, illegal dumping, access control, project management, and job site security.

The trailer is fitted with up to 4 cameras, including WCCTV Pole Cameras and LPR cameras. All live and recorded footage is accessed via 4G LTE and Wi-Fi connectivity, so users can remotely view and download video at any time via any device.

The solution's LPR capability makes it ideal for security and project management applications, including data collection along highways, entrances to buildings, job sites, or commercial parking lots. It is also an ideal crime-fighting tool against illegal dumping and traffic or parking violations.

The trailer features a telescoping 20ft tower that rotates nearly 360 degrees and is equipped with highly reliable 260W, 390W, or 520W autonomous solar power, which is suitable for most locations.

PRODUCT ACCESSORIES

Time Lapse Video

High Definition Time Lapse Video Services

LPR

Mobile video surveillance with license plate recognition technology

Voice Down System

Integrated blue lights, sirens and audio voice down for maximum visual deterrence

EXAMPLE APPLICATIONS

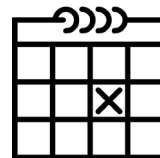

Parking Lot Security

Asset Protection on Remote Sites

Construction/ Demolition

Temporary Works Security

Roads & Highway Monitoring

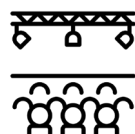

Law Enforcement Surveillance

Works In Progress

Project Management

Major Public Events Safety

Health and Safety Review

Business Security

Public Space Monitoring

PRODUCT SPECIFICATION

General	Dimensions (HxWxD)	96" x 78" x 157" (Transport) 78" x 78" x 225" (Deployed)
	Operating Temperature Range	-22 to +122°F
	Power	800A.H - 45A.H @ 12V / 520W Solar Array
	Power Consumption	110V charger / LPR - 15W Max
	Weight	2100lb / LPR 8.1 lbs
	Software Upgrade	Internet / 4G / back to back PC
	Warranty	12 months warranty with options for extended warranty
	Video Inputs	10
Networking	Remote PC Client	Client Software Free Download
	Remote Web Browser Client	Viewing
	Password Protected	
	Remote Smartphone (iPhone) Compatible	Yes
	Remote Tablet (iPad) Compatible	

WCCTV is headquartered in Dallas, TX, with an established deployment network across the United States. To find out more about WCCTV Mini Dome Solar Trailer + LPR please contact our USA Head Office:
